Sure. Let me know when you want to stop by tomorrow or Thursday, for this week. If not, next week works. I know it's not your fault, but it doesn't take too much time for her to call the garbage company and ask for them to come at reasonable hour. It baffles me

Nate,

Thank you for the email. This isn't right, it would be a clear violation of the Conditions of Approval. I am now engaged to work on this and went to the site Thursday to meet with Sandra. I am going to need a little time to get things turned around. To this end, would you be able to meet next week so we coordinate on a course of action? In particular, I'd like some background before attempting any outreach to the neighbors.

Regards,

Matthew

I find it ridiculous that the trash trucks are still coming at 6am waking up the neighbors. Seems like they really don't care at all.

Hi Nate,

I left you messages and have not heard back. Are you able to get inspectors to give more orders to comply. Any word on how much longer the determination will take? When Lourdes is done with the determination what is the next procedure. Sent to us and the school at the same time?

Who will be Bonin's field deputy? You? We are still getting woken up at 6 am from the trash trucks and daily they are out of compliance. What do you suggest??

Thanks,  
Rebecca
